# Sprint Retrospective, Iteration #<u>Week-5</u>

Project: **SEM**
Group: **18 A**

| User Story # | Task # | Task Assigned To | Estimated Effort Per Task | Actual Effort per Task | Done | Notes |
|---|---|---|---|---|---|---|
| **Complete must-have features.** | - Task 1: Finish issues for the sprint | All team | 3 hours | 3 hours | YES | |
| **Complete testing must-have features.** | - Task 1: Create tests for all the endpoints | All team | 2 hours | 1.5 hours | YES | |
| **Complete implementation design patterns.** | - Task 1: Decide who's going to implement the design patterns <br> - Task 2: Implement the design patterns. | 1. All team <br><br> 2. Quinten, Victoria & Radu | 4 hours | 4 hours | PARTLY | The chain of responsibilities design pattern is not done yet |
| **Change assignment 1 according to feedback.** | - Task 1: Look at the feedback <br> - Task 2: Make changes to the assignment <br> - Task 3: Ask to for new Feedback | All. Quinten & Victoria | 3 hours | 3 hours | YES | We got new |
| **Connect microservices to the gateway.** | - Task 1: Connect the microservices to the gateway | Alex | 3 hours | 2.5 hours | YES | |

| User Story # | Task # | Task Assigned To | Estimated Effort Per Task | Actual Effort per Task | Done | Notes |
|---|---|---|---|---|---|---|
| **Add check for role of client.** | - Task 1: Add check for client role | Radu | 1.5 hours | 1 hour | YES | Still needs refactoring for the chain of responsibility design pattern |
| **Distribute issues next sprint** | - Task 1: Divide the issues in a meeting | All team | 0.5 hours | 0.5 hours | YES | |

# Main Problems Encountered

## Problem 1
Description: We didn't get to finish the implementation of the design patterns in time for the end of the sprint.
Reflection: It was still all in time for the actual deadlines so it wasn't really much of a problem

# Adjustments for the next Sprint Plan
*Motivate any adjustments that will be made for the next Sprint Plan*

- Distribute the rest of the could-have issues.
